

INTENSIVE CARE UNIT

VersaSuite's fully integrated ICU module provides access to key information across departments at a glance, with unparalleled power, flexibility, and ease of use, and security that exceeds HIPAA requirements

KEY INFORMATION AT-A-GLANCE

- See real-time vitals, medication and allergy lists, orders, results, fluid balance, and event log in one comprehensive view.
- One-click access to vitals graphing

ONC Certified HIT 2015 EDITION

STREAMLINE & AUTOMATE

- Graph historical APACHE II scores over time
- Automatically feed information from devices to the patient's record
- Produce structured and formatted summaries of the entire ICU stay
- Clinical Decision Support (CDS) Engine is completely configurable & programmable

SEAMLESSLY INTEGRATED WITH ENTIRE EHR & HIS

- Data entered in ICU is immediately available to all medical disciplines
- Information already on file pulls automatically into ICU
- Launch CPOE with one-click
- Drug-drug, drug-allergy, and drug formulary checking
